WASHINGTON AND LEE DEFEATS UNIVERSITY

[Special to The Times-Dispatch.]
CHARLOTTESVILLE, Va., January 17.—Washington and Lee's basketball team won from the Virginia squad tonight in the Payweather gymnasium by 23 to 10. The game was poorly played in the first half. Washington and Lee leading by six points at the close of the first period. Much improvement was shown in the second half, the work of the Virginia five creating much enthusiasm among the spectators.

The best the locals could do, however, was to come within one of tying the score. The visitors exhibited better team work. They always maintained their passes and seldom attempted a long try for a goal. Oshorne, at center, was a star. He shot four goals. Street, the football captain, also put up an exceptionally fine game. For Virginia Glenn, Scott, Hall and Cochrane did the best work. Scott's three field goals was very

A SECOND WARRANT FOR E. L. DASHIELL

Charged With Larceny of \$173.
Two of His Bondsmen Ask to
Be Released.

[Special to The Times-Dispatch.]
NORFOLK, Va., January 17.—A second warrant, charging the larceny of \$173, and the apprehension of two of his bondsmen to be relieved, were two developments to-day, leading to the second arrest of E. L. Dashiehl, at his home in Portsmouth. F. S. Thomas brings the second charge, no details being given. Several civil suits for recovery from Mr. and Mrs. Dashiehl have also been filed. A court officer is guarding the slave man, pending the adjustment of the question of bond.

Roland King and Eugene Brinkley, bondsmen of Dashiehl, to-day appeared before Mayor Reed, of Portsmouth, in the Police Court, and asked to be released.

Mr. King explained that he asked to be relieved, having learned that Dashiehl's real estate holdings would not cover the amount involved. Mr. Brinkley explained that he asked to be released, as the slave man, pending the adjustment of the question of bond.

Mayor Reed said he saw no reason to refuse the requests, but referred the bondsmen to the Commonwealth's attorney. A conference will be held at the residence of the Commonwealth's attorney, Mr. Dashiell, where he will probably waive a preliminary hearing, and a new bond be given for his appearance in the Hustings Court.

Company B, of the Seventy-first Regiment, has decided to make a trip across the continent to the Seattle Exposition in 1909, and the necessary money will be raised by popular subscription or a big benefit. It is probable that a series of benefits will be given during the next twelve months to augment the fund. The first of the series will occur February 11th. What is lacking will be raised by a final appeal.

Broke His Neck.
John Johnson, boatman aboard the new collier Melrose, belonging to the Massachusetts Steamship Company, and due to leave for Roads this morning at daylight on her maiden trip to Sabine to load a cargo of sulphur for New York, died through the hatchway just before dawn this morning and broke his neck. He died instantly. The sailing of the ship was delayed to hold an inquest and ship the remains to Quincy, Mass., where Johnson shipped the Melrose, which was built by the Commonwealth, and will be used as a coal collier between Norfolk and Boston, after the completion of the ginian Railway. In the meantime the vessel will be an independent.

The tug Merritt, of the Merritt-Chapman Company, returned to-day from the scene of the wreck of the schooner John E. Devlin, at Metopomin Inlet, and reports that the vessel is high on the beach, wedged into the sand and clay of that region, with about five feet of water in her hold. It is thought she can be rescued by sea, and it is expected that an examination of the bodies of the victims of the ill-fated Leonora that there had been a mistake in identity, and that the remains of Captain Gilchrist, and the remains of one of the seamen at the scene of the wreck, were not the same as those of the shipwrecked vessel.

TRI-STATE SALARY LIMIT INCREASE
At a Special Meeting at Altoona
It Was Decided to Raise Old
Figures \$100.

ALTOONA, Pa., January 17.—After wrangling over it for three hours, the Tri-State League representatives, assembled in special meeting here yesterday to consider the salary limit, effected a compromise and made it \$2,700 for a bench manager and \$2,500 for a playing manager. This is an increase of \$100 in each instance over the limit fixed last fall.

Altoona, Johnstown and Harrisburg held for the old-time limit, while Reading, Lancaster, Wilmington and Williamsport insisted on making it \$3,000. It requires a three-fourths vote to change any rule; therefore Altoona, Johnstown and Harrisburg could have prevented any raise; but the other clubs held that the old limit would seriously handicap them in signing their players, and in deference to their wishes the limit was advanced \$100.

Colonel Perrine, who was unable to attend, telegraphed President Carpenter that anything the league did would be satisfactory to him. A heavy penalty was adopted for violating the limit.

Official scores will be paid \$100 for their services for the season. Unimportant changes were made in the rules. All club owners look for a good season, and expect under new conditions to make money. A number of deals in players were talked of, but nothing definite was done. It was decided to open the playing season on April 22d and to close September 12th.

The representatives at the meeting were Lancaster, F. B. Trout and Christ Stoner; Wilmington, Mike Grady; Reading, J. L. Wetzel; Williamsport, Thos. Grady and Harry Wolverton; Harrisburg, William Tunt and George Heckert; Johnstown, George K. Kline; Altoona, J. R. Beckel, P. L. Morrison and George Taylor.

This "Atlantic conference" has been in prospect for some time. The club, it was announced, now has 3,861 members, with 625 boats in the fleet.

THE NEGRO AND HIS GUN.

One Woman and Two Children Shot in Meeklenburg.

[Special to The Times-Dispatch.]
SMITH'S CROSSROADS, Va., January 17.—Belle Evans, a negro woman, who lives near here, was accidentally shot last night by another negro named Arthur Williams, while carelessly handling a pistol. The ball entered the abdomen, and will probably prove fatal.

Another negro, Jim Patton, shot two small colored children in Meeklenburg last night while out hunting. The lead entered the face and head of one child, but the other child was not badly injured. Both children would have been killed outright but for the size of the shot, which were very small.

MR. PAGE GETS DAMAGES.

Sue for \$10,000 and Recovers \$1,700 for Personal Injuries.

[Special to The Times-Dispatch.]
NORFOLK, Va., January 17.—In the \$10,000 damages action of Frank N. Page, prominent Norfolk business man, against the Old Dominion Steamship Company, the principal matter of the day was read by Dr. Ben Johnson, Dr. A. M. Willis, of Richmond, and Dr. Stephen H. White, of the University of Virginia. Dr. Willis's subject, "The Treatment of the Appendicular Stump," was more discussed than any other subject.

A resolution was adopted endorsing the movement before the Legislature to abolish the license tax on physicians.

Another resolution introduced was President Roosevelt's course in favoring the placing of medical officers in command of hospital ships, and to-day makes the membership 180.

"Wise Talks by the Office Boy"

Senator Ingalls once said: "A statesman is a politician out of a job," but I heard a better definition the other day: "A statesman is a man who can tell you all about the overproduction of money and the stringency of the circulating medium." I know some curbsome orators around this town who can tell you why the coin is shy at this time of the year, but I guess money is plenty now for every man who has a good circulation. You don't need a long roll to buy our \$2.00 Shoes. You can come here with a few dollars and you can go away with the feeling that the Shoes are broke and you are not. You carry away a pair of Shoes that fit you comfortably because they conform to your feet and they have the style that won't wear off the first time you stub your toes. It doesn't require any heelers to tell me that, because I see it happen every day right in our shoe department. I wonder when we're going to have a snow-storm. That's what brings the lads in for our fine foot-wear.

WILLIE.

Reynolds Tobacco Company, growing out of an accident at the company's plant here last night. The plant is a colored woman, was employed at the factory, and in leaving it one afternoon for a neighbor's open elevator, she was struck by the shaft of the elevator, fracturing her thigh. She sued for \$1,000, and the jury this afternoon awarded her \$500. The principal defense rolled on was that of contributory negligence. The Reynolds Company will appeal if the court sustains the verdict.

TRAIN CREW ATTACKED.
Engineer and Fireman Assaulted by Unknown Men Near Boynton.

[Special to The Times-Dispatch.]
BOYNTON, Va., January 17.—As the eastbound freight train on the Southern Railway was approaching this town about twilight yesterday, the trainmen on the engine were savagely attacked with hstones. One of the missiles came near striking the fireman. As it was nearly dark, the engine crew was unable to positively identify the assailants, who were white or colored. Officers are investigating the matter, and are hoping to catch up with the guilty parties. Only a day or two since two colored boys were arrested on the eastbound passenger train, breaking a window in one of the coaches, but fortunately no one was hurt. The colored boys have been arrested, but they are two young to be amenable to the law.
